COMPANY FUN DAYS

Company fun days are a great chance to bring together employees and escape the usual office, or home office confines and reconnect over a fun-filled day of activities, or to simply just bask in the English sunshine!

Of course there's always the risk of getting a little too competitive and a few people ending up with a bruised ego, but that's all part of the fun! But, who doesn't love a little friendly competition and the opportunity to win prizes and bragging rights?

Booking is easy, we have two options available. One of our recommended packages below or a pick and mix where you choose what you want:
